DARTON BUILT TO HUNT DARTON BUILT TO HUNT DARTON

## ANTI-RECOIL BUTT PLATE

This Cushioned Butt Plate not only adsorbs recoil, but with its extended height, also allows for greater variety of shooting positions. Fits all Darton Crossbows prior to 2011.

89805

## E-Z DRAW COCKING WINCH

(must be removed for shooting)

Convenient-to-use cocking device with a one-piece bowstring catch. Comes complete with carrying case that easily attaches to belt.

- Designed for reliability and durability
- For right-and left-hand use
- Easily attaches/detaches to bow
- One-piece bowstring catch w/cable rollers
- Built-in rope guides

89012

## RED DOT SCOPE

Features an 11-position click rheostat to adjust the brightness of the 3 red dots according to the brightness of your surroundings. Comes complete with mount.

89020

## 4 x 32 SCOPE

4 power x 32 scope with adjustable objectives that focuses down to 10 yards. Features target-style turrets with finger adjustable 1/4 MOA clicks for windage and elevation. Includes multi-crosshair retical for sighting in at different yardages.

89025

## RAIL LUBE

Increases the life of your crossbow string with more consistent arrow flight.

- Container with telescoping inter wax core for ease of application
- More shots between applications than with competing lubricants

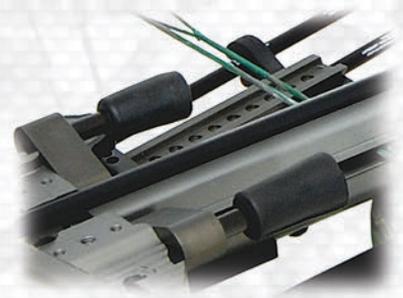

89886

## BOWSTRING NOISE SUPPRESSION SYSTEM

2 brackets complete with mounting bolts, rods and bowstring cushions control the vibration of your bowstring. Fits Phazer, Scorpion and Lightning Crossbows.

89882

## SCOPE RINGS

Quality set of scope rings to fit all Weaver mounts & 1" tube scopes.

89030

## 2-7 x 32 SCOPE WITH LIGHTED RETICAL

All the features of the #89025 PLUS a whole lot more! Features variable 2-7 power with an adjustable lighted multi-crosshair retical.

- Power 2x-7x
- Obj. Lens Dia.-MM 32
- F.O.V.@100YDS 50'-16.7'
- Eye Relief 3.25"
- Length 11.65"

89027

# ACCESSORIES

## COMPACT 4 ARROW QUIVER

1-piece quiver carries 4 aluminum or carbon arrows & features a second arrow holder to accommodate mechanical broadheads, includes its own Quick Release Quiver Bracket. Darton Crossbows require the use of an additional accessory bracket that matches the model crossbow used. Mounts in front of the forearm.

800435 REALTREE® APG HD™

## AEROFORCE II

Sturdy aluminum 1-piece quiver carries 5 aluminum or carbon arrows. Features a second arrow holder to accommodate mechanical broadheads. Quick release bracket with easy adjustment of quiver position for best balance.

890447P REALTREE® APG HD™ with crossbow bracket for side mounting (Mounts to aluminum barrels only)

## QUIVER MOUNTING BRACKETS

Mounting bracket attaches in front of the forearm. Accommodates any industry standard quiver mount.

89442 - fits Darton Scorpion crossbow

89441 - fits all other Darton crossbows

## NEOPRENE SLING

Made of tough, reinforced neoprene with non-slip lining and swivel mounts. A must-have item.

89803

## COCKING ROPE w/T-HANDLE and BOWSTRING HOOKS

(reduces effort by 50%)

Make cocking your Darton Crossbow fast and simple with this easy to carry, easy to use Cocking Rope with T-Handles.

89735XP

## CARBON EXPRESS SURGE CROSSBOW ARROWS (6/pkg)

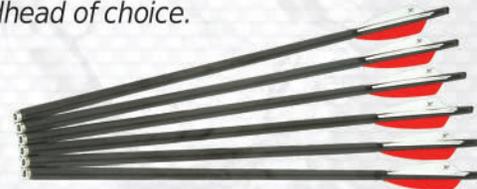

COMPOSITE 22" crossbow arrows with moon nocks and threaded inserts for a quick switch to your favorite broadhead or target point. Total weight 380 grains.

89250 - 22"

## CARBON CROSSBOW ARROWS (6/pkg)

CARBON 22" custom light weight crossbow arrows. Included are moon nocks and std. threaded inserts to accept the target point or broadhead of choice.

89255 - 22"

## CROSSBOW CASE

High quality, padded green and black case will protect your crossbow in style. Includes a shoulder strap and extra grip for easy carrying. Additional features include foam padding, heavy duty zippers, a pocket for your arrows and quiver, an accessory pocket, and double seam construction.

3044-150

## TELESCOPING MONO POD

Darton's design gives you the advantage of a compact mounting system with solid shooting support and the flexibility to move side to side.

- Extends from 22" to 63"
- Rapid deployment pivot attachment
- Compact side mount bracket

2010 IBO Xbow Shooter of the Year Award

**LIGHTNING** - Designed to beat the competition in both Performance and Price. Arrow penetration at 30, 40 and 50 yards will convince you to buy this Crossbow. HOW FAST IS IT? The 175 pound peak weight Lightning launches a 525-grain arrow at 346 fps (140 Ft-lbs Kinetic Energy). WANT MORE SPEED? Shoot a 475-grain arrow at a blistering 362 fps. Along with the speed is the built in accuracy necessary to complement its performance. With its Positive Limb Alignment System and precision receiver and trigger system you can shoot with confidence at targets never before thought possible.

15

- Minimum recommended crossbow arrow weight - 460 grains. IMPORTANT: Shooting an arrow of less weight is considered a dry fire and voids your warranty.
- Bowstring 43 3/8", Power Cables 29 1/4"
