2012 COMPOUND BOWS & CROSSBOWS

The FireForce drips with testosterone; larger axles, sealed oversized Quad Ball Bearings, wide/stronger laminated Quad limbs, all combined with a compact front riser and re-designed Tactical Darton Stock first introduced in 2011.

- With Darton's DualSync cams you have added performance and accuracy in a crossbow bow that is flat out fast, durable and accurate, shooting a 400 grain arrow a blurring 395-400 fps.
- The FireForce is equipped with an integrated riser/string suppressor system and new Barrel Dampener [Patent Pending] to help reduce noise and vibration.
- Bowstring 42 13/16", Power Cables 29 9/16"

This crossbow is a must shoot before making any purchasing decision!

Compact design with killer bite!

- 22" wide, tip to tip
- Easiest cocking 170 pound crossbow you will ever find. Most hunters won't bother with a cocking aid.
- Positive limb alignment system for greater accuracy
- Minimum recommended crossbow arrow weight - 400 grains. IMPORTANT: Shooting an arrow of less weight is considered a dry fire and voids your warranty.
- The Serpent comes equipped with an integrated riser/string suppressor system along with Darton's new Barrel Dampener [Patent Pending] to help reduce noise and vibration. A new standard in low noise and shock.
- Bowstring 34 15/16", Power Cables 21 1/4"

Performance and value in a quality crossbow!

The trigger forward design used with the Terminator Crossbow allows for a longer power stroke and more performance with a better balanced feel. All of Darton's quality components are used with a new integrated composite stock-barrel platform to give you the best value in crossbow performance.

- Minimum recommended crossbow arrow weight - 400 grains. IMPORTANT: Shooting an arrow of less weight is considered a dry fire and voids your warranty.
- The Terminator comes equipped with an integrated riser/string suppressor system along with Darton's new Barrel Dampener [Patent Pending] to help reduce noise and vibration. A new standard in low noise and shock.
- Bowstring 36 7/8", Power Cables 25 1/4"

If you are looking for the complete package of quality, reliability, balance and performance, all at a good price, you'll find everything you need right here. We suggest you follow your instincts and give Darton Crossbows a try! You'll discover what thousands of your fellow sportsmen have: Darton Crossbows top the charts!

DARTON LIMITED LIFETIME WARRANTY

Darton Archery proudly stands behind the workmanship and quality of Darton bows and crossbows and offers a Limited Lifetime Warranty. This Warranty applies to the original owner and is nontransferable. This Warranty covers:

- Riser and Stock against defects in material and workmanship for the lifetime of the product.
- Limbs and Cams against defects in material and workmanship for ten (10) years from the original date of purchase based on Pro-Rated terms and the warranty as written in our current technical service manuals.

Items not covered by Warranty are strings, cables, cable guard slides, bushings, paint and finish. There are no other warranties expressed or implied binding Darton Archery, its dealers or distributors. For complete Warranty information, customer service or technical assistance, please call or write:

Darton Archery - 3540 Darton Rd, Hale, MI 48739 | Phone: 989.728.4231. Fax: 989.728.2410
