DUALSYNC
HI-PERFORMANCE CAM SYSTEM
Featured only on the FireForce

DEADLY FAST!

The FireForce drips with testosterone; larger axles, sealed oversized Quad Ball Bearings, wide/stronger laminated Quad limbs, all combined with a compact front riser and re-designed Tactical Darton Stock first introduced in 2011.

- With Darton's DualSync cams you have added performance and accuracy in a crossbow bow that is flat out fast, durable and accurate, shooting a 400 grain arrow a blurring 395-400 fps.
- Darton's DualSync cams guarantee you will nock your arrow at the same point on the bowstring every time for more consistent shooting.
- NEW! Darton Trackless Barrel Design. Taking crossbow accuracy to the next level.
- Newly designed Anti Dry Fire Safety.
- Rifle style safety mounted on the barrel for left- or right-handed shooters. "Helps to hold on the shot without having to move."
- Improved Trigger Design, pull set at 3 pounds with less trigger travel.
- Positive limb alignment system for greater accuracy.
- Patented string catch, designed for better release of the bowstring and a more accurate shot.
- The FireForce is equipped with an integrated riser/string suppressor system and new Barrel Dampener [Patent Pending] to help reduce noise and vibration. A new standard in low noise and shock.
- Bowstring 42 13/16", Power Cables 29 9/16"

ADDITIONAL SPECIFICATIONS- **17.25** INCH POWER STROKE **8.4** LBS MASS WEIGHT **24.375** INCH AXLE-TO-AXLE **38** INCH OVERALL LENGTH

- Crossbow Rail Lube
- 3 Carbon Crossbow Arrows

89029 2-7 x 40 VENOM HI-GRADE SCORPION SCOPE

This scope features an industry only 40MM objective lens on a 2-7 power format. At the heart of this new scope is the illuminated, etched glass "Quad 4" reticle. The larger objective lens combined with the illuminated reticle gives hunters an edge in any low light condition which is when game is the most active.

Water proof/ fog proof, Light weight, compact and loaded with features!

- 2 - 7 Power
- Lighted Red Glass Reticle
- 40 mm Objective Diameter
- Clicks 1/2" @ 100 yards
- 1" Tube Diameter
- 11.4" "OAL of scope
- Field of view @ 100 yards: 57 - 23.8
- Eye relief: 4.29 - 2.97
- Parallax Setting @ 100 yards

89027 2-7 x 32 SCOPE WITH LIGHTED RETICLE

All the features of the #89025 PLUS a whole lot more! Features variable 2-7 power with an adjustable lighted multi-crosshair reticle.

- Power 2x-7x
- Obj. Lens Dia.-MM 32
- F.O.V.@100YDS 50'-16.7'
- Eye Relief 3.25"
- Length 11.65"

89025 4 x 32 SCOPE

4 power x 32 scope with adjustable objectives that focus down to 10 yards. Features target-style turrets with finger adjustable 1/4 MOA clicks for windage and elevation. Includes multi-crosshair reticle for sighting in at different yardages.

89887 TELESCOPING MONO POD

Darton's design gives you the advantage of a compact mounting system with solid shooting support and the flexibility to move side to side.

- Extends from 22" to 63"
- Rapid deployment pivot attachment
- Compact side mount bracket

89255 CARBON CROSSBOW ARROWS (6/pkg)

Carbon 22" custom light weight crossbow arrows. Included are moon nocks and std. threaded inserts to accept the target point or broadhead of choice. **89250-22 CARBON EXPRESS SURGE CROSSBOW ARROWS (6/pkg)**

CROSSBOW CASES

High Quality, padded black case that will protect your crossbow in style, includes a shoulder strap and extra grip for easy carrying. Additional features include foam padding, heavy duty zippers, a pocket for your arrows and quiver, an accessory pocket, and double seam construction. **89855** Fits FireForce, Terminator & earlier models **89860** Fits Serpents, Vipers and most other parallel limb crossbows

89803 NEOPRENE SLING

Made of tough, reinforced neoprene with non-slip lining and swivel mounts. A must-have item.

89896 PREMIUM BOWSTRING & CROSSBOW RAIL LUBE

Increases the life of your bowstring with more consistent arrow flight.

89030 SCOPE RINGS

Quality set of scope rings to fit all Weaver mounts & 1" tube scopes.

89735XP E-Z DRAW COCKING ROPE

Make cocking your Darton Crossbow fast and simple with this easy to carry, easy to use Cocking Rope with T-Handles. (reduces effort by 50%)

89012P E-Z DRAW WINCH (must be removed for shooting)

Convenient-to-use cocking device with a one-piece bowstring catch. Comes complete with carrying case that easily attaches to belt.

- Designed for reliability and durability
- For right-and left-hand use
- Easily attaches/detaches to bow
- One-piece bowstring catch w/cable rollers
- Built-in rope guides

890447P AEROFORCE II QUIVER

Sturdy aluminum 1-piece quiver carries 5 aluminum or carbon arrows. Features a second arrow holder to accommodate mechanical broadheads. Quick release bracket with easy adjustment of quiver position for best balance. Works with crossbow bracket for side mounting (Mounts to aluminum barrels only)

800435 COMPACT 4 ARROW QUIVER

1-piece quiver carries 4 aluminum or carbon arrows & features a second arrow holder to accommodate mechanical broadheads. Includes Quick Release Quiver Bracket.
