# EMPIRE FEVER PRO

UPC 609456306478

ITEM 647

## RECURVE CROSSBOW PACKAGE

The exciting and all newly redesigned Empire Fever Pro™ Crossbow takes one of the top selling crossbows of all time (The SA Sports Fever) and amplifies its appeal and user-friendly design exponentially. The Empire Fever Pro™ packs all the top quality, desirable features and accessories that the most experienced hunters demand, at a price tag that nearly everyone can afford. Now, nearly EVERYONE can operate it as well; women, men, supervised kids – all responsible hunters of nearly any age and strength will covet the availability of such a universally adaptable bow. The bow has been thoughtfully designed and equipped; from the multi-reticle 4x32 Scope, to the ample sized palm grip (intended to keep users hands away from the flight track for added safety), to the hottest camo pattern on the market, to the comfortable stylized traditional rifle stock, to the integrated broadhead wrench molded into the stock the Empire Fever Pro™ has it all. It features all the enhancements and upgrades we could think of to make the Empire Fever Pro™ the pinnacle of affordable quality, hunting crossbows. We didn't stop there; we incorporated an almost unnoticeable port to the rear stock which allows the user to attach the optional Empire Crank Cocking Device (Item #623 - available separately) reducing the power required to cock the bow to under 10lbs. The foregrip can be removed to add a tactical foregrip, a mono/bi/tripod, or a host of other accessories. The SA Sports Fever Crossbow Package is the best value crossbow package available anywhere – PERIOD.

## FEATURES

- Large Hand-Saver Palm Grip
- Picatinny Rail (under palm grip) for Optional Accessories
- Molded In-stock Broadhead Wrench
- Flip open compartment (for scope cleaning cloth, broadhead O-rings, etc.)
- Ambidextrous Auto Safety
- Large Boot Style Foot Stirrup
- Adjustable Weaver Style Scope Mount
- Sturdy Cast Aluminum Track/Barrel
- Quick Detach Quiver
- Fully Dipped Camo
- Crank Cocking Device Port (Will Accept Item #623 - Available for Separate Purchase) reducing the power required to cock the bow to under 10lbs

# E-MIRAGE KE Pro 30mm 1.5-5X32

UPC 609456306508 ITEM 650

The KE Pro™ features E-MIRAGE™ sighting system: Empire Multi Illuminated Reticle Glass Etched modified duplex reticle, circle aim points calibrated for 20, 30, 40, and 50 yards. The KE Pro™ speed and kinetic energy arrow drop setting will compensate for crossbows shooting between 275 and 400 fps. Take all the guesswork out of your hunting with the high confidence level you need to make that crucial shot. Your choice of either Red or Green circles with five brightness intensity settings, or a non-illuminated black setting depending on light conditions and your personal hunting situation. The matte black hard anodized, one-piece aluminum, wide, 30mm tube gathers plenty of light and the lenses are fully multi coated, fog and water proof 1.5 to 5X optical quality lenses. Includes 7/8" weaver style mounting rings, rubberized flip open lens protectors, and lens cleaning cloth.

## FEATURES

- Multiple Sight Points
- 1/2 MOA
- Multi-Coated Lenses for Boosted light transmission
- Water / Fog / Shock Proof

# E-MIRAGE REIGN 2-7X32

ITEM 651 UPC 609456306515

Reign In your target with the all new low to mid magnification Empire E-MIRAGE™ REIGN™. The new crossbow and short-range weapon scope will fill the bill if you want some flexibility in close up, lower magnification, wider field of view up to a modest power for those tough longer distance shots where obstructions may be the challenge. Reign™ features the E-MIRAGE™ sighting system: Empire Multi Illuminated Reticle Glass Etched modified duplex reticle, with multiple circle aim points. By sighting in the center aim point at your closest target yardage, the descending vertical circles will be dialed in to known further distance yardages dependent on the weight of YOUR projectile. Your choice of either Red or Green circles with five brightness intensity settings, or a non-illuminated black setting depending on light conditions and your personal hunting situation. The matte black hard anodized, one-piece aluminum, 1" tube gathers plenty of light for most conditions, and the lenses are fully multi coated, fog and water proof optical quality glass lenses. Includes 7/8" weaver style mounting rings, rubberized flip open lens protectors, and lens cleaning cloth.

## FEATURES

- Multiple Sight Points
- 1/2 MOA
- Multi-Coated Lenses for Boosted light transmission
- Water / Fog / Shock Proof

- Rain Mode
- LCD Display
- Multiple Operational Measurements
- Solar panel for continuous use
- Beeline, Height, and Angle modes
- 3V Backup Battery
- Ballistic Nylon Belt Case

## DRAGONEYEZ

UPC 609456305587

ITEM 558

It doesn't matter if the shot you are lining up is a 31-yard monster buck you are about to shoot with your crossbow, a 600-yard shot across the ridge at a trophy caribou, or even a 143-yard shot with your seven iron at the local golf course. The Dragon Eyez rangefinder from SA Sports will be right at home in any of these situations.

### SPECIFICATIONS

- 7x Magnification
- 25mm Lens
- Water Resistant
- Rain Mode
- LCD Display
- 1500 Yard Range

## RAPTOR

UPC 609456305570

ITEM 557

Grab your gun, crossbow, or compound bow, and hit the woods. The Raptor 6x20 mm pocket sized rangefinder is just the ticket for negotiating those tricky distances that can sometimes be way off what our naked eye would lead us to believe. If you have a shot that you aren't sure of the correct yardage--don't take chances, pull out the Raptor and gain the confidence in having all the information about the shot.

### SPECIFICATIONS

- 6x Magnification
- 20mm Lens
- Water Resistant
- LCD Display
- 800 Yard Range
