NEW

KATANA

Uncompromising Efficiency | Ghostly Quiet | Relentlessly Fast

The new Katana 385 is the definition of a high performance, high efficiency crossbow. Comfortable to carry and smooth to shoot, the Katana 385 features a skeletonized Aero-Rail with soft rubber inserts in the stock's fore-end and pistol grip. The Katana's high efficiency makes it ghostly quiet when shot, giving hunters the best chance of success. The Katana also comes equipped with a smooth 2.5 pound trigger, anti-dry fire technology, manual safety, oversized finger guards, C2 Crank, and an ambidextrous cheek piece. The crossbow also has the unique ability to be de-cocked, a rare feature for compound crossbows on the market today.
